## Methods of Evaluation:

### Homework:

Homework shall be typed or neatly handwritten in pencil on engineering graph paper and dropped off in Brightspace (Assignments). There is no provision for make-up of homework assignments. A missed homework assignment is a zero and will be factored into the final grade.

### Projects:

Applied design projects and reports emphasize teamwork and communication, as well as the application of industry-standard word-processing and spreadsheet software.

### Examinations:

There will be one midterm and one final exam (or project) scheduled during the semester. Students are expected to take the exams at the scheduled times. Generally, no make-up test will be given except for medical emergencies or other valid reasons for which prior approval has been obtained.

### Attendance/Participation:

Students are expected to attend every class period and have homework and project assignments completed. The need for professionalism and excellence is reinforced through the requirement for assignments to be completed on time and in a neat and well-organized manner. A missed class does not excuse responsibility for the work covered in class and the homework assignments.

## Accommodations for Students with Accessibility Needs at SUNY Polytechnic Institute:

Your access in this course is important to me. In compliance with the Americans with Disabilities Act of 1990 and Section 504 of the Rehabilitation Act of 1973, SUNY Polytechnic Institute is committed to ensuring comprehensive educational access and accommodations for all registered students seeking access to meet course requirements and fully participate in programs and activities. Students with documented disabilities, temporary, or medical conditions are encouraged to request services by contacting Student Accessibility Services (SAS) or filling out the [Request for Accommodations form](#). Please note, requesting accommodations is only the first step. You must provide documentation (the request form

may count) to SAS and meet with staff *before* receiving accommodations. Please do this as early as possible 1) because accommodations are never retroactive and 2) so that we have adequate time to arrange your approved academic accommodation/s.

Once SAS creates your accommodation plan, it is your responsibility to provide me a copy of the accommodation plan. If you experience any access barriers in this course, such as with printed content, graphics, online materials, etc., reach out to me or SAS right away. The [Writing and Communications Center](#) (WCC) is here to support all of SUNY Poly's writers: students, faculty, and staff. We offer one-on-one in-person and remote consultations for writers working on a range of projects at any stage of the writing process (from idea generation to final revisions). WCC consultants work with writers on idea development, brainstorming, content development, structure, source use, style, grammar, punctuation, and more. While we are not a proofreading or editing service and we do not comment on grades, we offer strategies and resources writers can use as they compose, revise, edit, and learn to proofread their own work. The WCC is located on the first floor of the Cayan Library. You can learn more about the WCC or make an appointment by visiting our website: <https://sunypoly.edu/writingcenter.html>.
